**Subject:** follow up question

Hi Rich,

I think Robert's off somewhere else today, so I think this question is for you. I'm doing a follow up story to Wednesday's story on the EPA internal report "EPA's Distribution of Superfund Human Resources Does Not Support Current Regional Workload."

I understand BSB Health Dept. Officer is going to formally request EPA to begin characterizing West Side Soils and name a project manager for that operable unit. How will EPA respond to her request?

Deadline end of day.

Thanks so much,

Susan
